

Product Announcement For Immediate Release

LCI 360 Inclinometer

The LCI 360 Inclinometer from Jewel Instruments is a biaxial inclinometer that is designed for high accuracy applications with low shock and vibration environments. The LCI 360 employs a torsion flexure suspension that offers superior repeatability and low hysteresis at low frequencies. The versatile LCI 360 is ideal for use in machine tool leveling, lab testing, geophysical movement, antennae orientation and dam monitoring. Visit the Jewell Web site at www.jewellinstruments.com
