

Product Announcement For Immediate Release

LCM 100 Accelerometers

The LCM 100 Accelerometer from Jewell Instruments is a general-purpose accelerometer for Industrial, Commercial and Aerospace applications. The LCM 100 is engineered with micro-machined components and offers an exceptional price to performance ratio. The 0.5G to 4.0G device meets the demanding needs of applications requiring 500G shock resistance and up to 500 Hz bandwidth. The versatile LCM 100 is ideal for use in automotive performance testing, elevator control, seismic monitoring, and machine tool control and flight-testing applications.
