Press Release August 9, 2007

Triplett Test Equipment Line on Display at Upcoming Trade Shows

Jewell Instruments, LLC, will be displaying their newly acquired Triplett line of Test Equipment at various trade shows reaching several markets in the upcoming months.

The CEDIA EXPO will take place September 6-9 at the Denver Convention Center in Denver, CO. CEDIA is the #1 show in the hot, profitable residential electronic systems industry: home theater, multi-room audio and video, lighting control, environmental control, home networking, home automation, residential information technology, security, and more. For more information, or to register for the show, go to <http://www.cedia.net/expo/>

Immediately following is the BICSI Fall Conference which will be held in the MGM Grand Hotel & Casino in Las Vegas, NV September 9-12. BICSI is a professional association supporting the information transport systems (ITS) industry with information and training for ITS professionals including designers, installers and technicians in the telecommunications, audio/video, security and automation systems. For more information go to <http://www.bicsi.org/>

The NECA Show will be held in San Francisco October 5-8 where Triplett will reach the electrical, power and cabling industry. Here electrical professionals can view the latest innovations in tools, systems controls and vehicles, plus learn about

the business services they rely on. The NECA Show is a once-a-year opportunity for large and small electrical contractors to meet the manufacturers, utilities and distributors. For more information go to <http://www.necaconvention.org/tradeshow/>

Triplett will then be traveling to Toronto, Ontario, Canada for the CANASA Central Show, October 16-18. Here Triplett will reach the Canadian Security market. For more information go to <http://www.canasa.org>

Triplett will be finishing up the 2007 Trade Show Schedule at the Electronic House Expo (EHX Fall) in Long Beach, CA, November 7-9. This show is geared towards the custom electronics and integrator market and will feature over 300 exhibitors. These manufacturers, distributors and suppliers will offer hands-on demonstrations of the products that will not only impact your business, but take it to the next level. For more information go to <http://www.ehxweb.com/>
